Introduction

European School Sport Federation was established in 2020 just few days before Covid-19 cises hit the world. From that time till now, those who were included in the work of ESSF from the beginning, made great efforts to set goals and make plans for the future of the federation.

European Open School Combat Games 2025 in Romania/Bucharest is the second edition of the combat event for schools at European level. ESSF chose combat sports as those whou are most popular sports among school children, as well as for its availability all around Europe.

European Open School Combat Games 2025 (EOSCG) is a special sport event designed to explore innovative competition formats which create their own path through the field of school sport network. The event is a gateway for celebration school sport events entering to the ESSF sports system. This type of event also allows the ESSF to establish solid cooperation with European and international sport federations (IFs) and other sports institutions linked to new sports. These events establish new pathways to high-end championships, with the goal of aligning events on european level and not only. However, these event shall be designed to give even more schools and selected teams and individuals the opportunity to take part.

EOSCG is open to the participation of school teams of the ESSF members, as well as non ESSF members and directly applying schools, provided that they follow all ESSF regulations and that the institutions that wish to enter the event are recognized by an official national or sports authority.

Age categories and sports for EOSCG are outlined in their respective sport-specific rules. The educational program and the sports format of the event shall always be adopted to the age of participants.

So, let us start together in this mission of making ESSF recognizable around Europe! We look forward to making history together!

About BUCHAREST

Bucharest is the capital and largest city of Romania. The metropolis stands on the River Dâmbovița in south-eastern Romania. Its population is officially estimated at 1.76 million residents within a greater metropolitan area of 2.3 million residents, which makes Bucharest the 8th most-populous city in the European Union. The city area measures 240 km² and comprises 6 districts (Sectoare), while the metropolitan area covers 1,811 km². Bucharest is a beta global city, a major cultural, political and economic hub, and the country's seat of government.

Bucharest was first mentioned in documents in 1459. The city became capital in 1862 and is the centre of Romanian media, culture, and art. Its architecture is a mix of historical (mostly Eclectic, but also Neoclassical and Art Nouveau), interbellum (Bauhaus, Art Deco, and Romanian Revival architecture), socialist era, and modern. In the period between the two World Wars, the city's elegant architecture and the sophistication of its elite earned Bucharest the nicknames of Little Paris (Romanian: *Micul Paris*) or Paris of the East (Romanian: *Parisul Estului*). Although buildings and districts in the historic city centre were heavily damaged or destroyed by war, earthquakes, and even Nicolae Ceaușescu's program of systematization, many survived and have been renovated. In recent years, the city has been experiencing an economic and cultural boom. It is one of the fastest-growing high-tech cities in Europe, according to the Financial Times, CBRE, TechCrunch, and others. UiPath, a global startup founded in Bucharest, has reached over \$10 billion in valuation.

In 2016, the historical city centre was listed as 'endangered' by the World Monuments Watch. In 2017, Bucharest was the European city with the highest growth of tourists who stay over

night, according to the Mastercard Global Index of Urban Destinations. As for the past two consecutive years, 2018 and 2019, Bucharest ranked as the European destination with the highest potential for development according to the same study.

In January 2023, there were 1.74 million inhabitants living within the city limits, and adding the satellite towns around the urban area, the proposed metropolitan area of Bucharest would have a population of 2.3 million people. In 2020, the government used 2.5 million people as the basis for pandemic reports. Bucharest is the eighth largest city in the European Union by population within city limits, behind Warsaw, Poland and one position ahead of Budapest, Hungary.

Economically, Bucharest is the most prosperous city in Romania and the richest capital and city in the region, surpassing Budapest a few years ago.

The city has a number of large convention facilities, educational institutes, cultural venues, traditional 'shopping arcades' and recreational areas.

The city proper is administratively known as the 'Municipality of Bucharest' (Romanian: *Municipiul București*), and has the same administrative level as that of a national county, being further subdivided into six sectors, each governed by a local mayor.

The main arena of the competition will be **Romexpo**, one of the largest venues for exhibitions and sports events in Bucharest. **Romexpo**, also known as **Romexpo Dome** or **Romexpo Town**, is a large [exhibition center](#) and [indoor arena](#) in [Bucharest, Romania](#). It is primarily used for exhibitions, concerts, and sporting events. The complex also hosts more than 140 other exhibits and trade shows every year. It is 303,234 square metres (3,263,980 sq ft), houses 100,000 square metres (1,100,000 sq ft) under roof, spread throughout 11 pavilions.

IKKAIDO FUDOKAN KARATE

IKKAIDO

Celebration

IKKAIDO - KARATE-ESSF European Ikkaido Celebration for people with and without disabilities

Karate is a big family. Please motivate your disabled students to join our family and be a significant part. We want to offer them a platform where they can show their ability and perform their karate. Ikkaido first should be a celebration for them. Please, give them a chance of being included in the championship.

First, - like a celebration - they demonstrate their kata and, if necessary, they can be assisted by another karateka or coach (e.g. blind ones). The kata is freechoice, and they will be awarded with a special Ikkaido medal.

Second, - like an inclusive competition - they perform an inclusive team kata together with karateka with no disabilities against another team. Then their team performance will be judged.

CELEBRATION IKKAIDO CATEGORIES

1. Individual Kata Celebration

Categories: Boys/Girls

Only for students with disabilities, for all age categories, the kata is free.

This category is only for students with disabilities to show their ability to perform a Karate kata.

If the athlete is unable to enter the tatami or perform the kata alone, he/she can be assisted by a carrier (e.g. blind people).

For all age categories the kata is free, but it should be known in all karate styles accepted.

Wheelchair kata is completely free.

2. Kata Team
